RE: IDEA Formal Complaint Agency # **2425-C-37**

Dear John Fouts:

This letter comes as follow up to the above referenced formal complaint against the Jefferson County Public School District that was received by our office on March 12, 2025. The Division of IDEA Monitoring and Results (DIMR) notified you in a letter dated March 19, 2025 that the formal complaint you filed did not include one or more of the required components required by law to proceed with a complaint investigation. The letter also stated that you had a period of 10 days in which to submit the required information or the complaint would be dismissed.

The DIMR did not receive the missing information within the allowable 10-day period of time, hence the formal complaint file has been dismissed. You may file a new complaint based on the previous issues if you so desire, but the timeframe of the allegations cannot have occurred more than one year prior to the date the new complaint is received in our office.

Sincerely,

Carol Ann Morrison, Director

Division of IDEA Monitoring and Results
